5:30 Recap & Discussion, Charge for Tomorrow, Homework for Tonight
6:00 Adjourn, Tour of SDSC
7:00 Reception / Dinner at SDSC

August 11

8:30   Breakout Discussions (3 groups)
              Identify at least 2 challenge problems around which a US / Korean Digital Library
              Project could focus with mutual benefit.
                    Who are the users?
                    What is the content?
                    What are the research & technology issues & challenges?
                    If successful, what would be the mutual gain?

10:00   Break

10:30   Breakout Discussions, continued
              Frame a pilot project for each challenge problem that would establish the feasibility and
              value of launching a major joint US / Korea effort
                    What would need to be accomplished to demonstrate feasibility?
                    Who would care enough to invest in development beyond the pilot phase?
                    What hurdles would remain to move from pilot to full-scale implementation?
                    Are there economic, legal, or cultural impediments to be considered?

12:00   Lunch & Preparation of Breakout Reports

2:00   Plenary Report-out of each Breakout Session
                30-minutes for each Breakout group's recommendations
                    20-minutes for presentation
                    10-minutes for discussion

3:30   Break

4:00   Plenary Review of Directions and Recommendations

5:00   Closing Remarks & Adjournment

August 12

Meetings of organizers and others in area to prepare report on workshop, at hotel (contact E. Fox)
